MEMORANDUM FOR: Deputy Director of Personnel for  
Planning and Development

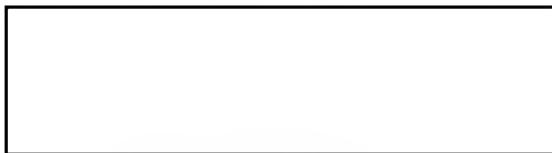

SUBJECT: Legislation to Provide Accelerated Retirement

1. Reference is made to the last meeting of the CIA Career Council at which the Agency's position and the Bureau of the Budget's position concerning our retirement legislation proposal was discussed.

2. The Bureau of the Budget has furnished the Agency the attached notes which represent the conditions of accelerated retirement acceptable to BOB. You will recall that the Council very positively stated it would not accept BOB's conditions. I have talked further with Mr. Norman Paul, and while we are under no immediate pressure to place ourselves on record with BOB on this matter, there is a possible advantage in so doing as early as possible. BOB may well be considering other legislative proposals relating to accelerated retirement where our views should be considered.

3. Please arrange for the preparation of a letter to BOB which will summarize the various points discussed by the Council and thereby give the Bureau the specifics of our objections to their alternate proposal.
